§ 137-702. Tree replanting program.

- A. For each tree removed pursuant to a tree removal permit as provided in § 137-701, the applicant either shall replant a tree on the property from which the permitted tree is being removed or shall deposit in the Village Tree Relief Fund a sum as prescribed from time to time by resolution of the Board of Trustees, in accordance with the provisions in this chapter.
- B. Except where otherwise authorized by the Commission, any tree replanted pursuant to this section shall be subject to the following requirements:
 - (1) Be of a size and species as approved by the Commission;
 - (2) Be planted in a location approved by the Commission;
 - (3) Be balled and burlapped and shall not be less than two inches in diameter nor less than eight feet high. Trees shall be nursery-grown, and a nursery inspection certificate shall be available covering all trees;
 - (4) Be planted using the best current, commercial practices for successful tree planting;
 - (5) Be consistent with the preferred species list; and
 - (6) Any other reasonable requirements of the Commission.
- C. Upon the planting of the tree or trees the applicant shall request that the Tree Commission certify that the tree or trees have been planted. Failure to obtain such certification within the time provided in the permit shall be deemed a violation of this chapter and shall be subject to the penalties provided in this chapter.
